ANOTHER big debutante affair to be given this week is the dance at the Country Club of Virginia, at which Miss Martha Maury Robinson will be hostess of honor for her cousin, Miss Lillie Greenhouse Johnston, daughter of Mr. and Mrs. Langstaff Johnston, of West Franklin Street. The dance will be given this evening in the ball room of the club house, and will be a very handsomely decorated affair. Special cars leaving Robinson and Floyd Avenue at 5 o'clock this evening will convey the guests to the Country Club.

All of the decorations will carry out a color scheme of yellow and white, and chrysanthemums in great jars and baskets caught with gauze ribbon will be used both in the ball room and the main dining room and sun parlor of the club house, where supper will be served at midnight. The gallery above the ball room will be festooned with autumn leaves and yellow flowers, and yellow and white flowers will bank the mantels. Mrs. Portia Robinson will receive with her daughter, and Miss Johnston. Mrs. Robinson will be handsomely gowned in black chiffon, with an overdress of jet and real lace. She will wear a corsage bouquet of gardenias. Quarles, and Woodridge Thomas Tuk, also of this city, took place yesterday afternoon at 5 o'clock in St. Paul's Episcopal Church, Dr. R. A. Goodwin and the Rev. M. S. Eagle performing the ceremony. The church and altar of the church were banked with palms and white flowers, and a choir, singing the "Bridal Chorus" from "Lohengrin," preceded the bride party into the church.

The bride's wedding gown was of heavy white satin, and her long tulle veil was arranged with lilies of the valley. She carried a bouquet of white roses and lilies of the valley. The bridesmaids, Misses Louise Lee Hilliard and Louise Lee Hilliard were bridesmaids. They were gowned in green messaline, with overdresses of white magnolia, and carried arm bouquets of white chrysanthemums. The ushers included P. W. Quarles, C. I. Robertson, A. W. Quarles, H. C. 100 North Sycamore Street, Petersburg, Va., November 22.

A joint meeting of the executive board of the Junior Order of United American Mechanics and of the committee on orphans' fund of the order was held last night in the headquarters of the order in this city. The meeting continued until a late hour, and it is understood that important matters were considered, though nothing is given out for publication. The members of the board present were State Councillor Dr. W. A. Gordon, of Elkton; E. B. Wharton, of Richmond, and Thomas B. Ivey, of Petersburg. The full committee on orphans' fund was present, consisting of E. H. Proctor, Williamsburg; Dr. R. S. Griffith, Basic City; McD. Landrum, Lynchburg; T. Gray Haddon, Richmond. The nucleus of the orphans' fund was created at the recent session of the State Council in Alexandria by the appropriation of \$1,500, and the manner of the distribution of this fund, it is understood, was agreed on.

COLD CHILLS PASSED OVER HER

Stanton Lady Has a Disagreeable Experience, But Is Able to Help Herself As Well As Her Daughters.

Stanton, Mo.—"I felt a throbbing," says Mrs. Cora Armistead, of Stanton, "in my left side, and I suffered for months with womanly troubles. Cold chills would pass all over me, and I would get so weak at times that I would have to lie down. I bought a bottle of Cardui, and by the time it was taken I was feeling better, so I tried another bottle, and by the time that was gone my troubles had left me entirely. I have been healthier since I took Cardui than ever before in my life. There is no medicine anywhere better than Cardui. I have not only taken it myself, but both my daughters, who were very delicate, have been helped by Cardui more than anything they ever tried."

The best way to cure womanly troubles, pains, headache, backache, etc., is to help nature by taking Cardui. Cardui is a true tonic. It helps to build up the delicate womanly constitution, and brings health and strength to the system.

Fifty years of success in relieving aches and pains of every weak and ailing woman is proof that Cardui should help you, too. Try it.

city. Her health had been feeble for some time. She was in the seventeenth year of her age, was the widow of R. M. Seabury, and is survived by one son, Thomas Seabury. The funeral will take place from the residence at 3 o'clock to-morrow afternoon, and will be conducted by Rev. W. H. Atwill.

Officers Nominated.
Petersburg Aerle of Eagles, at its meeting last night, made nominations for the various offices to be filled by election at the next meeting in December. The nominations were as follows, though others may yet be made: Past Worthy President, W. H. Raftery; Worthy President, Joel T. Brown; Worthy Vice-President, J. M. Saunders; Worthy Secretary, Worthy Chaplain, J. A. Domenech; Inside Guard, F. V. Lilly; Outside Guard, W. L. Wheeler; Secretary, C. G. Pleasant; Treasurer, George F. Newsum; Trustees—James W. Wells, C. L. Seyler and T. T. Tench.

Two Accidents.
Willie Shell, a colored youth, about sixteen years old, employed at Dillard's planing mill in Blanford, got one of his arms caught in the machine yesterday afternoon, and it was so badly crushed and lacerated that it had to be amputated. The amputation was performed at the hospital by Dr. Hoy.

David Dudley, a white boy, was shot in the foot yesterday afternoon by an accidental discharge of a rifle which he was handling. He was taken to his home on Bollingbrook Street, where he received attention.

Paying State Taxes.
Petersburg's annual quota of State taxes on real and personal property is about \$5,000, due and payable without penalty and interest by December 1. Up to to-day, on this year's account, about \$13,000 has been paid to the City Treasurer. The great rush to the Treasurer's office will be during the last three or four days before December 1.

In the Hustings Court to-day all the cases of the Commonwealth against Carter R. Bishop in connection with the Appomattox Trust Company indictments were continued until the December term of the court, and will probably be called for trial in January. In addition to the big indictment, with its thirty-four charges and 170 counts, there are several indictments pending for the alleged making of false reports to the Corporation Commission, the disposition of which is awaiting decision by the Supreme Court in the Thornton case, which involves the same question.

Alleged False Pretence.
C. B. Hannon, of Boston, representing himself as the agent of the International Automobile Association, is under arrest here on charges of obtaining money under false pretences. The association solicits the membership of one hotel and one garage in every city, the membership being \$12, the advantage being that the association advertises all tourists to such hotel and such garage for patronage. George B. Carter, proprietor of a garage on Bank Street, gave his check for \$12 for the privilege of being the sole garage member in Petersburg, but Hannon is alleged to have sought membership in various other garage proprietors in the city, and was found in the act of collecting fees from them. Thereupon he was arrested for false representations, and his hearing was continued until Friday.

New Steamer for James River.
Secretary Martin of the Chamber of Commerce, was to-day notified by Briggs, of Norfolk, that he would put a steamer on the James River line between Petersburg and Norfolk on December 1. The name of the boat is Martha E. Hickman, 110 feet long, twenty-two feet wide, and five and a half feet draft. The need of a steamer on this line is greatly felt.

General News Notes.
President Clark, of the State Retail Merchants' Association, and Samuel Cohen, a merchant of Richmond, will address the retail merchants of Petersburg, in the Chamber of Commerce, to-morrow evening, and it is expected that an organization with a large membership will be formed.

Officers and members of Sycamore Council, Royal Arcanum, had their annual supper last night in the New Shirley Hotel, and independent of the menu, the occasion was made enjoyable by informal talks by those present.

Thomas D. Birchett, of Prince George county, has resigned as carrier on route No. 2, to accept an appointment in the post-office.

Bessie May Keys, the three-year-old daughter of Mr. and Mrs. Charles R. Keys, died last night quite unexpectedly, at their home on Grove Avenue.

The motion for a new trial in the case of Isiah Cooper, negro, convicted of the murder of his wife, and sentenced to the penitentiary for a term of ten years, with a fine of \$100, was granted, and the sentence accepted.

A committee of Aldermen and Councilmen, with City Engineer Bud, went to Richmond yesterday to make examination of the filled streets of that city, for the purpose of determining what such purpose in Petersburg is pending. The visitors were pleased with what they saw in Richmond, and will recommend the appropriation for filling certain streets here. Very limited experiment on this line has been made in Petersburg.

Fire in this evening totally destroyed the frame dwelling of Ellen Cooper, located in Prince George county, just outside Petersburg. A house owned by Peter Thorpe, colored, and occupied by Mary Ford, was partially burned. The loss was \$1,000, on which there is a small insurance.

BUSINESS CLUB TO URGE ACTION

Question of New Municipal Government Plan to Be Discussed To-Morrow Night.

WANT IT FULLY PRESENTED

Men Who Have Worked for Change Will Explain Objects to Be Gained.

Richmond's new plan of employing an administrative board to transact the detail business of the city will be discussed at a meeting of the Business Men's Club to-morrow night at 8:15. Invitations have been sent to the one thousand members of the club, to members of the City Council, members of the Chamber of Commerce, and to citizens generally to participate in this discussion of one of the most important questions that has come before the business men of Richmond in many years.

Among the speakers announced are Mayor J. C. Richardson, City Attorney Henry R. Pollard, former City Attorney Charles V. Meredith, Henry W. Rountree, a director of the club and a former member of the City Council, and L. Z. Morris, formerly president of the Chamber of Commerce, and president of the Police Benevolent Association, all of whom are earnest advocates of the plan presented, Messrs. Pollard, Meredith, Rountree and Morris having served on the committee which drafted the pending ordinance and resolution.

Redistricting Plan Will Win.
It is practically conceded now at the City Hall that the four-ward plan for redistricting the city will win, both in the Committee on Ordinance, Charter and Reform, and in the Council. There will be some opposition, some attempt to gerrymander the lines, and some indirect opposition by the stirring up of sentiment along other ward lines. Whatever number of wards is determined upon, it is the duty of the Council to redistrict the city at this time, and it is now claimed that majority of the members of both branches are pledged to the four-ward plan, with straight ward lines as they are recommended. Any attempt to shift these lines to meet the aspirations of local politicians will receive scant attention.

When reported by the Ordinance Committee the ordinance is before the Council for final action, requiring under the rules no further reference to any committee, and necessitating for its adoption only a majority of the members of each branch and the approval of the Mayor. The Mayor is an earnest advocate, and the vote is claimed to be already assured.

Other Report in Danger.
The other and more important half of the report of the special committee on changes in the Form of Government, proposing a charter change for the creation of an administrative board to take over the details of business administration now in the hands of fourteen Council committees, will not have such plain sailing, and has already met with much announced opposition. It is a charter change, and under the rules of the Council must be referred to the Committee on Finance, which means further delay and the additional chance of weakening amendments. Several members of the Council have announced that they will not vote for the administrative board resolution unless the Fire and Police Departments are also placed under the supervision of this paid body of executive officers. The special committee is in favor of this, but did not include it in its report for reasons of policy, fearing to overload the paper and so bring about opposition, that it would be impossible to overcome.

Want to Include All.
If agreed upon, and the charter so amended, the proposed board will not take office for a year; it will have much to do to familiarize itself with the details of administrative work, water, light, sewer and other departments, and some Councilmen prefer that such emergency departments as police, fire and health, be reserved for the present. With the administrative board in office and making a success of its administration, it would not be difficult to induce the succeeding Legislature to place the Police and Fire Departments under its supervision, instead of under volunteers, meeting but once or twice a month as at present.

The smoker at the Business Men's Club to-morrow night promises to be the most general and the most important meeting in the interests of good government yet held. It will bring together a larger number of representative men, afford an opportunity for informal discussion and for frank expression of opinion, and give to the Ordinance, Charter and Reform Committee, which meets next week, a good basis of action on both papers, an expression of the wishes of the business men of the community.

Confident of Outcome.
Members of the special committee which drafted the paper last night expressed much greater confidence at the final outcome than ever before. The Chamber of Commerce, with its large membership, and the promise of further action from other organizations, many of whom keep their eyes closely on the politics, last night freely predicted that the whole plan would be recommended by the City Council to the incoming General Assembly.

Special comment has been aroused by the unaltered conduct of several members of the Board of Aldermen, who, though they have been out of office by the reduction in membership, have yet stated that they placed the welfare of the city above their personal and political ambitions, and are actively at work for the changes. It has also been a matter of comment that in the Common Council those who are doing most of the work of the body, and nearly every aggressive floor leader, is earnestly allied with the plan for reform.
